

## SPOTFIRE SOLUTIONS

The Spotfire Analytics platform meets the needs of all users – from data discovery and ad-hoc analysis, to interactive reporting and dashboards, to domain-specific applications, to event-driven real-time analysis, to powerful predictive analytics – from a single architecture.

With that kind of power available to your organization, you need to ensure that you are in a position to take advantage of everything Spotfire Analytics has to offer.

And who better to guide you than the experts at Spotfire Services Group themselves?

There are several implementation programs to choose from, each designed to meet your specific needs.

---

#### About TIBCO

TIBCO Software Inc. (NASDAQ: TIBX) is a provider of infrastructure software for companies to use on-premise or as part of cloud computing environments. Whether it's efficient claims or trade processing, cross-selling products based on real-time customer behavior, or averting a crisis before it happens, TIBCO provides companies the two-second advantage™ – the ability to capture the right information, at the right time and act on it preemptively for a competitive advantage. More than 4,000 customers worldwide rely on TIBCO to manage information, decisions, processes, and applications in real-time. TIBCO Spotfire® provides in-memory analytics software for next generation business intelligence. By offering a visual, interactive experience, Spotfire® helps professionals quickly discover new and actionable insights in information. Learn more at <http://spotfire.tibco.com>
